You probably have to choose to pay with **kort** (card) if you live outside of Norway. You choose “Husk dette kortet” if you want CappelenDamm to save the card info. Vipps is a Norwegian app for payments, and it does not work with foreign bank accounts.

On the same screen, you will see this:

FULLFØR BESTILLINGEN

You have to check “jeg aksepterer salgs- og leveringsbetingelsene”, meaning that you accept the terms and conditions.

The next step is the page where you pay, you choose your card (Maestro often does not work), and you are ready.

When logging on next time, be sure that this is the page:
